

2-Day Training Opportunity *Using Data for Continuous School Improvement*

July 24th and 25th (9:00-3:00)

Hazard Community & Technical College

First Federal Center

Room 123 D & E

The Perpetual Data Analysis System (PDAS) is a well-defined set of principles, procedures and tools that help guide schools and districts as they continually collect, analyze, communicate and use multiple measures of data to improve every aspect of school/district decision making. Implementing the PDAS will assure continuous improvement of teaching and learning.

PDAS is a team approach.

Suggested composition: A mix of administrators, instructional coaches, and classroom teachers.

July 2017

SUN	MON	TUE	WED	Thu	FRI	SAT
						1
2	3	5	5	6	7	8
