Promising Practices

New [Students in Jenkins learn Spanish from a teacher in Hazard](#)

Spanish is being taught virtually to students at Jenkins Independent via Microsoft Lync and hardware provided by the Appalachian Renaissance Initiative and Kentucky valley Educational Cooperative. Click above to watch a clip from WYMT featuring this effort.

New [Prestonsburg HS Freshman Create “Book Trailers”](#)

Students in Ms. Kira Wenger’s freshman English class made “book trailers” as the culminating project for the literature circle unit. Click above to see a few of the videos uploaded by Mrs. Jamie Adams, PHS Media Specialist.

Repeat [ARI Scholarship Assistance Program](#)

New [Double Robot Network Connectivity Issues](#) by Jeff Coots

Districts that are having network issues with their Double Robots should use this document and work with their CIO/DTC to correct the problem. Click above to learn more.

Repeat [Digital Signatures](#) by Jeff Coots

If you use PDFs a lot and are a Mac user, this tip is directed towards you. How many times have you had to print out a document to sign, and then scan it back to your machine to then email? Well today's tip, cuts down on this process. Click above to learn more.

Repeat [iCurio Whitelisting](#) by Jeff Coots

iCurio links to several incredibly useful websites. To ensure these sites are accessible, they need to be "whitelisted" within your district. This is a technical document that you should share with your District Technology Coordinator, DTC. It will provide both the items that will need to be whitelisted and Machine Requirements that need to be installed or updated. There are items that you, the staff member, may not be able to complete without the help of your DTC. Please click above to learn more.

Repeat Bezel Maintenance & Precautions by
Joseph Smith

Recently we had a problem at a school with a dusty bezel. Dust was prohibiting the cameras from seeing the location of touches, and therefore “touch” wasn’t working. So remember to clean the touch bezel of the mondopad with a soft cloth monthly. Be sure not to spray liquids into the bezel. It may damage the touch components.
