

2022-2023 School Safety & Resiliency Act

Update/Risk Assessment Training

The Office of the State School Security Marshal will be working with Kentucky Education Cooperatives and individual school districts to provide regional training during the summer and early fall of 2022. The training will consist of:

- Explanation and discussion of the School Safety and Resiliency Act and Senate Bill 8 of 2020.
- Presentation of the updated Marshal's office risk assessment for the 2022-2023 school year.
- Discussion of issues that have been recorded in previous OSSSM assessments. The training will be three hours in length and be led by State School Security Marshal Staff to include the State Marshal, compliance supervisors and regional compliance officers. The OSSSM recommends principals, assistant principals, school safety coordinators, school resource officers, superintendents and any administrator or staff member that has an interest in the subject attend the training.

This training is approved for 3 hours of EILA credit.
