

Project Slice

SUSTAINABLE FUTURE

Location: Virtual
June 17, 2022
9:00am to 3:30pm

REGISTRATION LINK

Description: A Project Slice demonstrates what it is like to be a learner in Project Based Learning, by engaging participants in an immersive PBL experience—a “slice” of a project. Schools and district leaders can use a Project Slice to build understanding of PBL in a staff or school community. Project Slice participants engage as students in a transformative one-day project that models the key features of the PBL process.
